“ I knew Derek from high school but I got the opportunity to really know him more while he worked out of our office every other week for the past 5 years. Being around Derek always took me back to high school days cause he like myself liked to joke around. He kept me laughing like I was a kid again. I'm going to miss the conversations, the laughing and joking around. I always looked forward to seeing him walk through the door talking stuff because he gave me an excuse to laugh and joke. He always brought love and sunshine with him every time he came around. I think he had that affect on most people.
Derek you are truly missed but I know one day, we'll meet again.

My condolences to Derek's family and Trisha and all those whose lives were touched by him.

“ Condolences to the family and Trisha. I can't grasp this at all. I would see Derek at work almost everyday. 2:00pm he would be walking through the office door. Even though he was younger we grew up together on the Southside. I'm going to miss him telling me to get to work. Rest peacefully my friend.
