“ There are so many memories I have with my Mommy I can't tell them all. I would like to say that she was the best Mother that any one can have. She was beautiful inside and out. She was so very loving and caring, whenever anyone and I mean any one needed her help, she would help them. I remember, every time I was ill or when I had surgery, my Mommy was right there to help take care of me. She was such a strong women throughout her illness and battling the cancer and the complications after her surgery. She was a true fighter. I miss my Mommy sooo much, there is a hole in my heart that I cannot explain knowing that I can't see her every day at her home. But I know that she is not suffering any more and I know that God has received a true and faithful servant. Mommy is in a Great place, a place where she is free from all pain and suffering. Mommy, I love you sooo much and I will always cherish all the memories that we all had together. R.I.P. my beautiful Mommy!!!! You will always be remembered.
