“ *He always said hi to me, and asked me how I was. You never truly appreciate these moments until they're gone. My favorite memory was when we had to wear those orange scan and go tshirts and Dean and I were in the training room looking for shirts. I had my hair straightened and my contacts in that day. I said "hey Dean." and he was like "hey" and i asked what size shirt he was looking for so i could help him and he said 2x. Couldn't find one so i said "Dean I'm sorry but i don't think there's one here" the next thing i know he looked at me and just started laughing and laughing and said "man i looked up to see who was talking to me like they know me" and i said well i do know you!! He didnt recognize me haha. Ever since then anytime i saw him i always teased "hey dean it's me!" and he would always smile or laugh.*

To his family: i am so sorry for your loss. He was truly a great man, who will be so missed. Thank you for sharing him with us. He really made a difference at work. It was nice to be greeted everyday. It was nice to share a smile and laugh.
