“ *Researching teachers from my years at Washington High School 1963 - 1967 and saw this obituary. Mr. Bohannon was definitely a favorite teacher of mine. His personality and love for teaching was apparent in every English class he taught. I will never forget the time he jumped up on the desk and did the greatest impression we had ever seen of Mohammed Ali. He had our class in stitches. So knowledgeable and so caring. God bless. “ I was a classmate of Andre's from the 6th grade through high school. I think all of us knew that Andre was going to be something special. I don't know anyone who didn't like him. Just a few years ago, he came to South Bend to help celebrate our 50th year class reunion. I was glad to learn of his great strides in life, but it was not unexpected...after all, he was Andre'. “ *Andre --- you will be greatly missed! Words are really challenging to describe what you have done for our community and the impact for good that you have had in so many peoples' lives. You showed great leadership as the District 1 Councilman --- a great listener, honest, fair, balanced in your decision making, sound reasoning as a public servant and passionate about doing what is best for your constituents. We could agree or disagree on any given issue and then we could still easily talk about the next issue and solutions to get the job done. Thank you to your family for sharing you with our community and their sacrifices to let you serve her people.*

Sincere condolences to Che and the Bohannon families. Andre was a smart and very witty man. One had to be quick to get his jokes. He was playful but was a serious advocate for human causes in the Peoria Community
