“ I met Curtis in 2014 when I interned at Terra. He was very pleasant and kind to me. He and I stayed in contact after I moved back to the Chicago area after graduating. Curtis was a mentor, a friend and a brother. My kids and wife knew him by name and he always remembered to text my 2 boys on their birthdays. He also stopped by whenever he was in Chicago. He served as a mentor and always made himself available when I needed direction. I am so thankful to God for your friendship and mentorship. You will be missed!

“ Sending thoughts and prayers to the Laster family. I got the privilege to work with Curtis a handful of times being in the Chicago office at TERRA but every time I worked and interacted with Curtis it was a pleasure. He was such a kind and genuine person. I am deeply saddened for this loss.

“ Many thoughts and prayers for Curtis and his family this week, especially for his children. I worked with your Dad at Daily & Associates when he moved to Illinois. Us Midwestern engineers liked to hear his stories about the hazards he had on job before joining us, i.e. working in the swamp with alligators. Curtis was conscientious and great to have on the team. I had just been seeing him at some conventions recently, but he has continued to support our Hands Helping Haiti Clean Water Project up to this winter. His passing is much too soon, but his life on this planet was a blessing to many and leads to the promises of the next. Peace, Patrick Sloan

“ *Hi Family, This is Curtis, my roommate from Southern University. Curt was a beautiful soul. We talked about getting together soon, but time ran out. When we lived in the Senior Men's Dorm, Curt was the guy who always had toilet paper because D Ray and I would always forget to pick it up. He tracked the smallest details, which made life simple for us. I will miss you.*
