“ *I am very saddened to see that Dave passed. Dave and his family and friends are in my thoughts and prayers. I worked with Dave at PDC #1 for many years where he managed an extremely complex and difficult treatment plant operation. Despite almost constant pressure and stress, Dave was always there for however many hours it took - smart, calm, steady, capable, honest, liked, and respected by all. He never failed to keep the people and equipment going and the customers serviced. Dave never spoke loudly, but when he spoke he was a straight shooter and everyone listened with respect. I will always remember Dave very fondly and with great respect for a great man! Rest in peace Dave!!!*
