“ I am just Thankful to be counted in that number of people who can say they knew and loved Donnie. With some people you don't have to question their love and friendship and he was/is one of those people. I didn't see him often like many others did but his passing hit me hard like it did many because Donnie was such a cool and kind person. It's so strange to even think of Gwen without thinking of Donnie....that's just gonna take some getting used to. :(To the Family & Friends: No words can soothe the pain of losing someone you love so deeply and have shared so many memories with but nothing can erase those golden times of Day either. Stay Gold when you sing a song for DONNIE <3 What I loved most at his very touching homegoing is when Gwen said that he accepted Christ :) God Bless and give each of you the strength you need to get through this tremendous heartache and also live your life in such a way that you know you will see him again. See you when I get there Donnie :) Marcia Jones Buckner

Donnie, it has taken me a minute to do this, but i know that i have to do this, Donnie you were my strength that got me through a really tough time when we lost Bootsie, you worried about me, called me, hugged me and cared about me when i know all alone you were hurting so much yourself. i love you, and i take comfort in the fact that you, Bootsie, your dad, your uncles, Aunt Lena and Grandma Amanda are all together. I hope to see you all on the other side, when my time comes to answer GOD's call. i will never forget you, the times we shared the love we gave to each other as friends and sister & brother. Rest in peace my brother.
