“ *I'm an old 18th Way SW childhood friend, and a few houses up the street at 1632.
I was talking with my brother about Ty, and we began to share our stories about Daddy, and his fondness for Ty, Brother Ber-Nard, and his German Shepherds. :-)* He was a cool dude, and would do anything in the world for you.
*For as long as I live, so will these memories of yall live in my heart.
~May God keep you and Heaven shine upon you.

“ My dad and I was very, very, very, close. Nothing in this world could break our bond. Not even distance... And for my dad to pass away without getting the chance to say goodbye: Hits my heart in a very deep place. "No words of "this is what he wanted" soothes the pain that my rights to see him one last day was strongly violated." Howbeit, above my personal feelings you are now in a better place. To be absent from the body is to be in the presence of the Lord, this much I do know! Love you infinite, dad. 🌹💕 (As Above So Below)
