“ I loved Ms. Lady K, she used to be one of my CNA while staying at the woods for a short while. She always was laughing and making jokes. She was just so easy to open up and talk too. She is an amazing person and her work friend proceeded her in death (Monica) a few years back and now all I can think of is them both hugging and laughing in heaven just like they did everyday they worked together. I'm going to miss seeing her face especially when I go there to visit other patients. My sincerest condolences to her family and friends. She was an angel on earth and now she went home.
