“ I'll never forget our long conversations about family, life, humor and the love for your brother. I will also never forget how you wanted me to choose between who looked best, you or your brother. You were never happy when I picked your brother. Anyone knowing you could immediately figure out you had a overly loving soul... When things got hard for me with family matters, I knew I had your support regardless. I'm going to miss you, but will never forget the emotional relationship that we shared. RIP Mike. 😞💔🕊️🙏😭

“ *I was very stunned to learn about the death of Mike. I still cannot believe that he died so unexpectedly. However, as they say, the one who is adored the most by the God, is the one who achieves eternal life. We will miss Mike and we will cherish all the happy memories we had with him.*

“ And God made some of protectors, when I learned that I figured out who my brother-in-law Mike really was. The other half is he stood on it and was loyal to a fault that only his love for his family and close friends could balance out. You're the real deal Mike, blessed to have known you.
